Groups Exempt From Documentation of Citizenship (Use the verification codes below for both Medicaid citizenship and Medicaid identification)		
Exempt Group	Valid CARES Verification Code	Description and Explanation
Foster care, adoption assistance,	FC	<p>Citizenship verification is never required for members receiving foster care benefits or adoption assistance.</p> <p>However, once an individual stops being a recipient of these benefits and is not otherwise exempt, he or she must have U.S. citizenship verified. Verification must first be attempted through the data exchange. If that fails, request citizenship verification from the member.</p>
SSI, SSDI, or Medicare recipients	EX	<p>If CARES determines an applicant is exempt from the citizenship verification requirement due to receipt of SSI, SSDI, Section 1619(b) status, or Medicare enrollment, it will enter an “EX” code.</p>
Continuously eligible newborn (CEN)	NB	<p>Citizenship verification is never required for individuals who were ever eligible for Wisconsin Medicaid as a CEN and were born on or after July 1, 2005. Use the “NB” code for these individuals.</p> <p>Note: Effective July 1, 2018, for those CEN’s born before July 1, 2005, who are not otherwise exempt and who have not had their citizenship verified by the data exchange, use the MB code for verification of citizenship. Identity must then be verified separately for these individuals.</p>

Groups Exempt From Documentation of Citizenship		
(Use the verification codes below for both Medicaid citizenship and Medicaid identification)		
Exempt Group	Valid CARES Verification Code	Description and Explanation
SSI, Medicare and SSDI recipient	SC	<p>Citizenship verification is never required for members receiving one of the following:</p> <ul style="list-style-type: none"> • SSI, including members eligible under Section 1619(b) • SSDI • Medicare <p>However, if an individual stops being a recipient of these benefits, and is not otherwise exempt, he or she must have U.S. citizenship verified. Verification must first be attempted through the data exchange. If that fails, request citizenship verification from the member.</p> <p>Use the SC code when updating SSI, SSDI, and Medicare recipient records via the SDX indicator of citizenship. Verify the receipt of these benefits by completing an online query (SOLQ) of DXSX for SSI and DXSA for Medicare and SSDI. To confirm SSDI receipt on DXSA, the person must be in current pay status on their own account and under age 62. The SSA claim number is the person's SSN and the BIC is "A."</p>
Data exchange	DX	<p>For members who are not otherwise exempt for one of the above reasons, the agency must attempt to verify citizenship through a data exchange. CARES will conduct a data match between SCHIP-I and individuals applying for health care benefits if they are not exempt. Both the MA citizenship and identification verification fields will be updated with the code "DX" whenever the Social Security Administration indicated that an individual's U.S. citizenship has been confirmed. Members whose citizenship was verified through a data exchange must not be required to provide any documentation of citizenship or identity.</p>
	DE	<p>In cases where the real time SCHIP-I data exchange does not verify citizenship, but a worker verifies citizenship using the Date Exchange Query, the worker should enter the DE code.</p>
