Consult/Conference 3rd Parties

Language Line

1. Click **Consult** after connecting with the client in need of language services. 
2. Enter your county's designated phone number for language line and **connect** the 3rd party line.

3. The original call will be placed on hold, identified by the **red pause** button. See pages 2 through 4 for your county-specific instructions for language line numbers and prompts.

4. Once you have an interpreter on the phone, you can connect all parties to the line one of two ways:

- a. Click the **red pause** button and the client will enter the conversation. 

- b. Click the **Conference** icon to combine all callers into one conversation. 

Notes and Reminders:

- Select "Other" language when collecting telephonic signatures for clients who do not speak English, Hmong, Spanish, or Somali. You will read the entire telephonic signature script as there are no automated prompts.
- Conferencing disables the Consult feature. You will need to start a second interaction in order to consult/call out to the Lead Line once a conference call has started.
